

## SAFETY DATA SHEET (SDS)

	Section 1. Ic	denti	ification		
Product identifier SEE GREEN					
Other means of i	identification 11008; 11201; 11204				
<b>Recommended use and restrictions on use</b> Leak detector. 250 mL, 1 L and 4 L container.					
Initial supplier i	dentifier Asalco Inc. 44, ch. Des Ursulines, Stanst	tead, (	Québec (Canada), J0B 3E0		
	Telephone 819-876-2211; Fax 819-876-5	5373;	Internet <u>www.asalco.com</u>		
Emergency telep	bhone number/restriction on use Canada – CANUT	FEC 2	24 hour number 613-996-6666		
	Section 2. Haza	rd id	lentification		
Classification of	hazardous product (name of the category or subcate	gorv	of the hazard class)		
Not Regulated		0-1			
<b>_</b>	nents (symbols, signal words, hazard statements and	prec	autionary statements of the categor	ry/subcategory)	
None		. p. cc	autonary successions of the cutogo	(j/Subcurego1j)	
Other hazards k	nown None				
	Section 3. Composition/in	nforr	nation on ingredients		
Chemical name	(common name/synonyms)	morr	CAS number or other	Concentration (%)	
Propylene Glycol			57-55-6	30-60 %	
	Section 4. Firs	t oid		30-00 %	
Tabalat'an				f1	
Inhalation	IF INHALED: Remove person to fresh air and keep c				
Ingestion	IF SWALLOWED: Immediately call a doctor. DO NOT INDUCE VOMITING. NEVER give anything by mouth if victim is rapidly losing consciousness, or is unconscious or convulsing. Rinse mouth thoroughly with water. Have victim drink two				
	glasses of water. If vomiting occurs naturally, have vi		lean forward to reduce fisk of aspirati	1011.	
Skin contact	IF ON SKIN: Wash with plenty of water (5-10 minute		(5.10 · · · ) D · · · · · 1	· · · · · · · · · · · · · · · · · · ·	
Eye contact	IF IN EYES, Rinse cautiously with water for several 1			enses, if present and easy to do.	
			sient slight skin or eye irritation.		
Indication of imi	<u> </u>		, call a doctor. Do not forget this docu	iment.	
	Section 5. Fire-f	0	0		
	of the hazardous product (hazardous combustion pr	roduc	ets)		
Carbon oxides and other irritant/toxic gases and fumes.					
	suitable extinguishing media				
	se carbon dioxide, chemical powder agent and appropria	ate fo	am to extinguish surrounding product	ts.	
Special protective equipment and precautions for fire-fighters					
During a fire, irritating/toxic smoke and fumes may be generated. Do not enter fire area without proper protection. Firefighters should wear proper					
	ent and self-contained breathing apparatus with full facer				
Move containers from fire area if it can be done without risk. Water spray may be useful in cooling equipment and cans exposed to heat and flame.					
Section 6. Accidental release measures					
Personal precaut	tions, protective equipment and emergency procedu	res			
Restrict access to area until completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up					
should wear the appropriate protective equipment (See Section 8).					
Methods and materials for containment and cleaning up					
Ventilate area of release. Stop the leak if it can be done safely. Contain and absorb any spilled liquid concentrate with inert absorbent material, then					
place material into a container for later disposal (see Section 13). Contaminated absorbent material may pose the same hazards as the spilled product.					
Notify the appropriate authorities as required.					
Section 7. Handling and storage					
Precautions for safe handling					
	ective clothing/eye protection/face protection.				
Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene					
measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect					
containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing					
dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high					
concentrations of dusts, vapours or mists. Keep away from incompatible materials (Section 10). Keep containers closed when not in use. Empty					
containers are always dangerous. Refer also to Section 8.					
Conditions for safe storage, including any incompatibilities					
Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Store away from incompatible materials (Section 10).					
Inspect all incoming containers to make sure they are properly labelled and not damaged. Storage area should be clearly identified, clear of					
obstruction and accessible only to trained personnel. Inspect periodically for damage or leaks.					

Section 8. Exposure controls/Personal protection Control parameters (biological limit values or exposure limit values and source of those values)					
Exposure limits: ACGIH – TLV-TWA & PEL-TWA none.	1 source of those values)				
Appropriate engineering controls					
Use under well-ventilated conditions. Local exhaust ventilation system	is recommended to maintain concentrations of contaminants below				
exposure limits. Make emergency eyewash stations, safety/quick-drench sho					
Individual protection measures/personal protective equipment					
Respiratory protection is required if the concentrations are higher than the	e exposure limits. Use a NIOSH approved respirators if the exposure				
limits are unknown. Chemically protective gloves (impervious), and other p					
be worn during all handling operations. Wear protective chemical splash g					
thoroughly after handling. Do not eat, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use.					
Section 9. Physical and chemical properties					
Appearance, physical state/colour Green liquid	Vapour pressure 0.08 mm Hg @ 20°C				
Odour Apple	Vapour density Heavier than air				
Odour threshold Not available	Relative density 1.038				
pH Not available	Solubility Not available				
Melting/freezing point Not available	Partition coefficient - n-octanol/water Not available				
Initial boiling point/range 188°C	Auto-ignition temperature Not available				
Flash point 103°C	<b>Decomposition temperature</b> Not available				
Evaporation rate Not available	Viscosity Not available				
Flammability (solids and gases) Not available	VOC Not available				
Upper and lower flammability/explosive limits 2.6 % // 12.5 %	Other None known				
Section 10. Stability	v and reactivity				
Reactivity					
Does not react under the recommended storage and handling conditions presc	ribed.				
Chemical stability					
Stable under the recommended storage and handling conditions prescribed.					
Possibility of hazardous reactions					
None					
Conditions to avoid (static discharge, shock or vibration)					
None					
Incompatible materials					
Oxidizing materials; etc.					
Hazardous decomposition products					
None known					
Section 11. Toxicological information					
Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)					
Causes transient slight skin or eye irritation.					
Symptoms related to the physical, chemical and toxicological characteristics					
Skin irritation, redness, stinging, pain; Eye irritation, redness, tearing.					
Delayed and immediate effects (chronic effects from short-term and long-term exposure)					
Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available;					
Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA; Reproductive Toxicity – No data available; Specific Target Organ					
Toxicity — Single Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard –					
No data available; Health Hazards Not Otherwise Classified – No data available.					
Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )					
None;					
ATE not available in this document.					
Section 12. Ecological information					
Ecotoxicity (aquatic and terrestrial information)					
No data available for this product.					
Persistence and degradability No data available					
Bioaccumulative potential     No bioaccumulation is to be expected.					
Mobility in soil     No data available					
Other adverse effects No data available					
Section 13. Disposal considerations					
Information on safe handling for disposal/methods of disposal/contamin	Information on safe handling for disposal/methods of disposal/contaminated packaging				

Dispose of contents/container into safe container in accordance with local, regional or national regulations.

	Section 14. Transport information				
UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations					
Not regulated					
UN number; Pr	roper shipping name; Class(es); Packing group (PG) of the IMDG (maritime)				
Not regulated					
UN number; Pr	roper shipping name; Class(es); Packing group (PG) of the IATA (air)				
Not regulated					
Special precautions (transport/conveyance) None					
Environmental hazards (IMDG or other) None					
Bulk transport (usually more than 450 L in capacity) Possible					
Section 15. Regulatory information					
Safety/health Canadian regulations specifics Refer to Section 2 for the appropriate classification. This product has been classifi					
·	accordance with the hazard criteria of the Hazardous Products Regulations (HPR).				
<b>Environmental Canadian regulations specifics</b> Refer to Section 3 for ingredient(s) of the DSL					
Safety/health/environmental outside regulations specifics					
	United States OSHA information: This product is regulated according to OSHA (29 CFR).				
	PA (Environmental Protection Agency) information: 40 CFR Refer to the ingredients listed in Section 3 & Sections 12; 13 & 14.				
	CSA information: Refer to the ingredients listed in Section 3.				
National Fire Pro	rotection Association (NFPA):				
HEALTH: 0	FLAMMABILITY: 1 INSTABILITY: 0 SPECIAL HAZARDS: Refer to Section 2 & 3.				
HAZARD SCAI	LE: $0 = Minimal$ $1 = Slight$ $2 = Moderate$ $3 = Serious$ $4 = Severe$				
	Section 16. Other information				
Date of the lates	st revision of the safety data sheet   February 25, 2016 version 1 (NSS ENTREPRISE INC.)
